***Response to Election/Restriction***

In response to the restriction requirement, Applicants have elected Group I, [which includes claims 1-9 drawn to a compound of formula I] with traverse is acknowledged. However, during a telephonic interview with Ms. Mollie Yang (Attorney for Applicant) on June 04, 2008, Applicant has agreed to cancel non-elected claims 10-19. On the other hand, Examiner has agreed to rejoin claim 22 of Group III, because it falls within the scope of elected invention. Therefore, the restriction requirement is hereby withdrawn and hence, all remaining pending claims 1-9 and 22 are currently examined and found allowable over the prior art of record.

***Reasons for allowance***

The following is an Examiner's statement of reasons for allowance:

Claims 1-9 and 22 are being allowed since the instantly claimed inventions are neither obvious nor anticipated by the prior art (US 5,424,320, cited in IDS) and there is no suggestion or motivation to modify the compound of formula I from any prior art to obtain the instantly claimed invention. Therefore, the instant claims 1-9 and 22 are now found allowable over the prior art of record.
